Foreword

Zephyrhills High School is a major part of all of our lives. Seniors, probably believe this more than other students. As we grow older we realize that school is not simply a place “we have to go.”

Z.H.S, will remain to us a place in which we learned, shared, experienced and had fun together.

The Annual Staff has attempted to capture segments of all phases of school life. May this yearbook always bring to your mind the fondest of memories!
Dedication

In deep appreciation for his kindness and understanding we dedicate this volume of the Zephilscro to Mr. Victor Smith. Even though he is busy with his many duties as supervisor of the new Junior High Work Program and his class duties, he is never too busy to answer our questions and help us with our problems.

Beginning with the seventh grade, he has been our teacher, adviser, and most of all, loyal friend.
We, the students of Zephyrhills High School, have seen our school go through many changes in the past few years. Do we ever stop to realize what a great difference these changes have made? Remember when you had to stand in the lunch line for twenty minutes? No more than one class could be in the library at a time? Classes were crowded because there weren't enough rooms to go around? Seven new portable classrooms have taken care of this problem.

Among other changes the Band Hall is now air-conditioned. For the convenience and enjoyment of the students and faculty a new complete bell and intercom system has been installed. There is also a more comfortable atmosphere for some of the faculty as several offices have been made from a classroom to relieve the crowded condition of the main office.

Raymond B. Stewart

DEAN OF GIRLS
- Alpha Gill

DEAN OF BOYS
James Davis
They Keep the School Running Smoothly

MRS. BARBARA HOWELL
Bookkeeper

These two efficient people are the hub of the wheel which keeps the school system in motion.
Also, very important to the office are the student assistants who help by running bulletins, selling supplies, collecting absentee lists, and answering the telephones.

MRS. BUNNIE SUE WHEELER
Secretary

PICTURED BELOW - BACK ROW - Jeff Alston, Gail Connelly, Melanie Massey, Barbara Rooks, Sabra Cooper.

PICTURED ABOVE - Mrs. Miriam Henry, Mrs. Lola Kurtz, Miss Lynn Shelton and Mrs. Cindy Stephens.

The Guidance Department is kept busy with its many duties. Among them are counseling and scheduling students, keeping permanent records up-to-date, and administering all National and State tests.

They and the remaining faculty are assisted by the Teacher’s Aids. Typing, running off tests, grading assignments and various other duties that the teachers may request is their part in keeping the school functioning well.

LAMAR STEPHENS
Junior High Guidance

JEAN MOSHONAS
Guidance Director
There are four main curriculum courses offered to the students at Zephyrhills High School: General, College Preparatory, Business Education, and Vocational.

No matter what courses one takes or how many different subjects he has he must always take English. When he becomes a senior, he has a choice of Practical, Business, or College Preparatory English. English is an ever-present subject because it is an ever-important one.

In addition to English, enterprising students may venture to learn a foreign language. At present Latin and Spanish are the only choices, but in the future we have hopes of French or German being offered by the Language Department.

Mr. Clark has spent innumerable extra hours working with the band members both individually and collectively and always remains pleasant and even-tempered under even the most trying circumstances. The Junior High Band is composed of seventh and eighth graders and the members are getting valuable experience in preparation for the high school band. His remarkable high school band stands 85 strong and excels both in concert and marching.

Mr. Clark sponsors the Pep Band, a small group that plays at pep rallies and basketball games, and the majorettes, who are also members of the band.

From a group of eager, inexperienced students, usually starting in the sixth grade, to the accomplished band students of today - all this through the unlimited patience and unirring efforts of one man, Mr. John T. V. Clark Jr.!
History . . . Learning About the Future

We at Zephyrhills Hills School feel the most important reason for studying history is to learn about man's past. But what can this offer the student in his own time? It can cultivate a more responsive citizen - one who will realize the importance of the ballot, understand the reasons behind a revolt, and above all will be more tolerant of other cultures and religions. History is the whole of man's experience and today's experience will determine the future of mankind.

Homemaking

Balanced menus, attractive table settings, discussions of home life, expression in fabric - all these are part of our course for homemakers. This course teaches our girls (and some of our boys) the regular homemakers talents for sewing, cooking, and for developing a sense of economy. The major part of this is taught through experience training in the newly-established kitchen and sewing room.

This course is open to students who are interested in some area of the agricultural field. They receive experience training by doing field work and by working around animals. Horticulture, poultry raising, livestock raising, and many other areas of agriculture are taught to the students. This course gives the student who is interested in agriculture, but who doesn't live on a farm, the chance to learn the things successful farmers should know.

In this modern world of ours, mathematics and sciences hold the key to the future. Many students don't realize how important these subjects really are. Just think how many times in one day we use some bit of mathematical or scientific knowledge learned early in our school career! No matter what field one goes into after graduation, one can be sure he will need math and science. Here at Zephyrhills High School one may pick from: general math, algebra I and II, geometry, trigonometry, biology, physiology, chemistry, and earth science.

This course of study offers excellent training for the student who may go on to a job directly after graduation, but are advised to go to a business school first.

Students can choose from a variety of topics such as: General business, typing, business math, office practice, business law, bookkeeping, business English, and shorthand.

RONALD HAWKS

Earning while learning is the motto of the Diversified Cooperative Training and the Junior High Work Experience Program. The students are placed in their jobs by Mr. Kendrick and Mr. Smith. This "on the job" training provides valuable experience for the student. The students go to school for half a day and work for the rest of the day in the stores of local business men. They receive three credits for a year.
Keeping Physically Fit

Physical Education teaches co-operation with others through participation in sports and provides students with an opportunity to become physically fit at all times. Classes are held in the gym and on the nearby practice field. A wide range of exercise and sports are taught. Some are: tumbling, broad-jumping, baseball, football, basketball, volleyball, track, and soccer.

P.E.
Driver's Education

For half a year during the period allotted for physical education, students are given the chance to take a driver training course at school. During the first nine weeks students study rules of the road preparatory to taking their restricted drivers test. Learning the regulations for Florida driving, operating a car safely and sensibly, and securing a driver's license are a few of the advantages offered in Driver's Education.
Lunchroom Staff

LEFT TO RIGHT - Sessoms, Lane, Bird, Jemison, Taylor, Lock, Smith, Amos, Paul, and Drew.

Even with their limited facilities, these ladies do a wonderful job. Serving attractive, nutritious meals to some 896 students and teachers a day, they do their share to keep us healthy.

Custodians

LEFT TO RIGHT - Hall, Hall, Grant, and Eldridge.

Keeping the grounds and buildings neat at ZHS is not an easy job. But, this is managed by our custodians.
ACTIVITIES
Homecoming 1968

The Juniors won first place with their theme "Darn Them Rams."

Winning second place were the Freshmen. "Whip Those Rams" was the theme.

Queen Sue Douglas, King Johnny Braxton, Prince Keathel Chauncey and Princess Sabra Cooper reign over the festivities.

Third place went to the Seniors for "Dam the Rams."

Earning fourth place were the Sophomores with "Bulldogs Knock Our Rams."
The activities during Homecoming Week lead up to the most exciting and important football game of the year.
Miss SUSANNE DOUGLAS is the lovely daughter of Mr. and Mrs. H. C. Douglas, Jr. Sue was born on April 6, 1951, in Tampa. She serves the Senior Class as secretary, is the president of FHA, and is a member of the Pep Club. Sue’s hobbies are swimming and horseback riding.
Homecoming Princess

Lovely Miss SABRA COOPER is the daughter of Mrs. Dora Cooper. Born in Dade City on Sept. 20, 1952, Sabra is now the secretary of the Junior Class and a peppy varsity cheerleader. Her hobbies include sewing, cooking and swimming.
Beautiful Miss JOY REUTIMAN is the daughter of Mr. and Mrs. Emil Reutiman. Joy was born in Dade City on July 17, 1950. In January this year, Joy was crowned as Miss Pasco County. Joy’s hobbies include swimming and sewing.
Very Important Teens

VIT's are students selected from the junior and senior class by the teachers for their personality, scholastic achievements and leadership qualities.

In Memoriam

Life is eternal; and love is immortal; and death is only a horizon; and a horizon is nothing save the limit of our sight.

Raymond

Epilogue

There is a page within my life, a page of sorrow, gladness and strife; The Zephyraco holds the only key, The key for us in memory...
